

Middle School Newsletter
November 30, 2007

Middle School Information:

~Students are not allowed to wear winter coats or jackets during class time. Please send a sweatshirt with your child if they tend to get cold easily. They may keep it in their locker. Hat and hoods are not permitted in the school building. Thanks for your help in this matter.

~We have noticed a lot of student eating from their lockers. The students bring crackers, chips, candy, cookies and pop to school. We understand that student may need a snack mid-morning or mid-afternoon. ISD is trying to encourage smart food choices and making healthy decisions. If you do send snacks with your child, please try to select a healthier snack. (Cookies and candy are not the best choice.) We would prefer the students bring water bottles, instead of pop.

I would like to thank everyone for the open communication between parents and teachers. The teamwork has been awesome. THANKS! This has been a wonderful semester and the students are maturing on a daily basis. It's nice to see the students making better choices and problem-solving on their own. Please remember to contact your child's teacher if you have any questions.

Our Tupperware fundraiser raised \$585.00 for the "locker" fund. We will discuss the next fundraiser at the next Parent Meeting. (Date to be announced soon.)

If you have a chance, please come and watch our Middle School Basketball games. We have great teams this year.

Have a wonderful weekend and thanks for the support,
Marie Kellam-Cook
