**The Middle School will be selling Yankee candles beginning in October. More information will be coming soon.**

### MID-TERMS:

I am so proud of our Middle School students. 97% of our students are above the 2.0 GPA mark. This is a huge improvement from last year. All of the students are working hard and should be commended for their work. Please let your child know you are proud of them and keep encouraging them to try their best.

**I hope everyone has a great weekend!**

Middle School Supervising Teacher**
